PISCINA

La seguridad es siempre nuestra prioridad, por lo cual habrá un mínimo de 2 adultos siempre presentes en la piscina durante toda la clase. En el grupo de infants (3 -4 años) habrá 3 adultos en el recinto de la piscina. No obligamos a los alumnos a meterse en la piscina pero animamos a participar en esta actividad. Todos los alumnos que no saben nadar, siempre entran en la piscina con flotador o manguitos

The safety of all our children is a priority. For this reason 2 adults will always be present in the pool area with each class. There will be 3 adults in the pool area for the Infant group (3 - 4years) .

The children are encouraged to enjoy their swimming class, however we do not oblige them to go into the water if they do not want to.

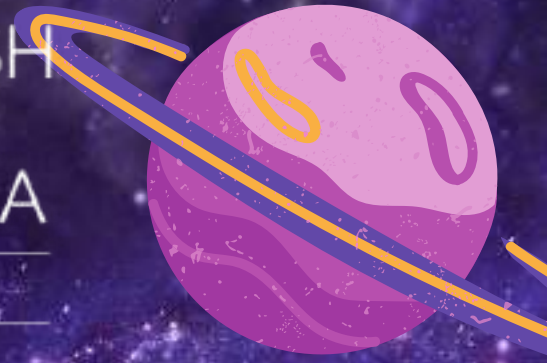

Any students who do not know how to swim will always enter the water with a float or armbands.
